CAFOD

Renew Our Common Home. The UK Committee on Climate Change report brings us a step closer to the net zero carbon emissions target we need if we're to avoid temperature rises exceeding the 1.5C level, which will spell disaster for the world's poorest communities. Now it's up to the government to respond to the voices of voters up and down the country who expect ministers to urgently put the target in legislation and make it a reality with the benefits this will bring to our economy, our health and our homes. It's also critical the government sets a target which is honest and transparent instead of relying on offsetting or outsourcing our emissions to other countries. With its historic emissions and size of its economy, this is a hugely important global step by the UK and one similar countries can replicate. We think 2050 is fine but not fast enough. Poor countries are being impacted now. We're pushing for 2045.

Project 5. A new initiative being rolled out across Guildford very soon called *Real Change Guildford*. It is a scheme set up to encourage the public not to give money to those on the street begging but to direct it instead towards a more structured approach to bettering their lives. It is a totally transparent process and all donations are directed towards the very such areas that are 'between the cracks' of the statutory services that we together had already identified – such as problems with rent deposits, storage charges, transport costs to get to appointments, taxis to hospitals, clothes & food bills, etc. This new scheme will be basically a larger, more widely available version of our own set-up. All donations to the *Project 5 Brick Fund* will now be directed into this common fund. www.realchangeguildford.co.uk

Diocesan news

The Church and Criminal Justice: Saturday, 13th July, 11 am to 3 pm, at The Church of the Sacred Heart, Cobham :

How do we, as a diocese, as parishes and as individuals, serve people who are directly affected by imprisonment? Prisoners' families, prisoners, and people with previous convictions all too often find themselves stigmatised and on the margins of society. They are frequently forgotten or at the bottom of the list of causes to support. But, as Catholic Christians, we are called to solidarity with the marginalised ones and to believe in the innate dignity of every human being. Bishop Richard invites you to find out what is already going on, and explore what you (and your parish) can do. Lunch provided – please book at rosie.read@abdiocese.org.uk or on 01293 651161

Anniversaries Mass 2019: Saturday 12th October, Arundel Cathedral, with Bishop Richard: For couples celebrating a landmark or significant anniversary. Booking essential - For an invitation please contact Rosie Read at rosie.read@abdiocese.org.uk or 01293 651161.

Prolife action alerts

Right to Life UK are asking people to contact their MPs after a 22 week-pregnant woman with moderate learning very narrowly escaped an abortion that she didn't want, being imposed on her by the state.

Her baby was healthy and her mother had offered to raise the child. This was supported by the family's social worker, yet the doctors saw fit to attempt to force her into an abortion against her will.

This family ought never to have been put through this ordeal in the first place and therefore Right to Life are seeking to ascertain how many other women may have been forced into unwanted abortions as well as pushing for legislation which would make it clear that the state has no right to force anyone into abortion. Please do look at their website for further details and a tool to email your MP which takes 30 seconds to complete. <https://righttolife.org.uk/take-action-forced-abortion/>

SPUC are concerned about yet another attempt to liberalise the law on assisted dying after an MP has managed to push through a debate which is going to take place in the House of Commons on Thursday. SPUC would also like to encourage people to contact their MPs and have a briefing pack available on their website.
